High Protein | Preservative Free | Dehydrated | Ready in 5 minutes

THE PROBLEM

The world is getting busier, but healthy eating hasn't kept up.

Nutritious/Preservative-free | **High Protein** | **Quick/Convenient** | **Budget Friendly**

No alternative has all 4!

Existing alternatives

- Require refrigeration
- Full of preservatives
- High in sodium
- Expensive subscriptions
- Too many choices causing decision fatigue

WHO IS OUR IDEAL CUSTOMER?

Our Ideal Customer

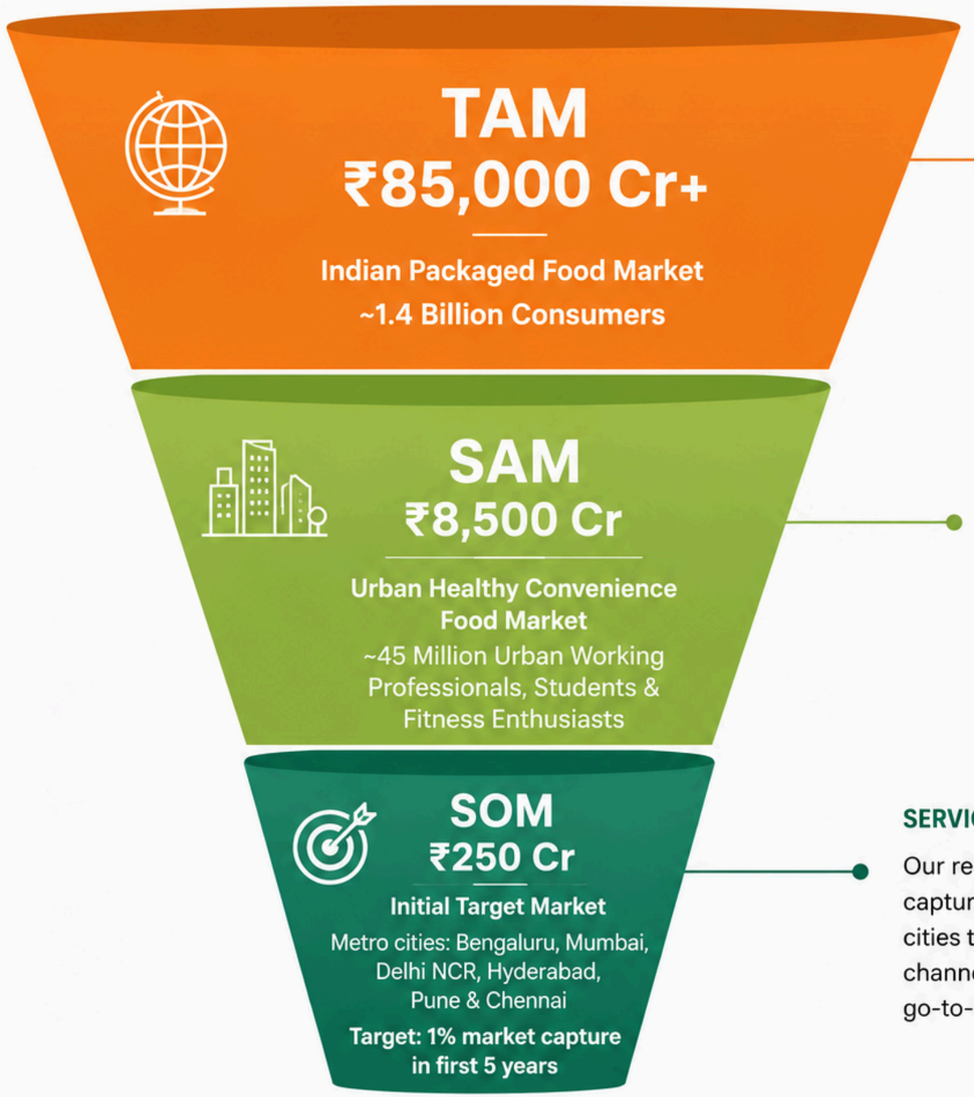

- Time-starved professionals, students living away from home, and frequent travelers
- Health-conscious individuals focused on nutrition and fitness goals
- Looking for quick, affordable, preservative-free meals
- Wants convenience without compromising on taste or health

MARKET OPPORTUNITY

FLASH BITES

TAM – SAM – SOM OVERVIEW

TOTAL ADDRESSABLE MARKET

The total market opportunity for packaged food across India, including all consumer segments and occasions.

SERVICEABLE AVAILABLE MARKET

The market opportunity available to us within urban India – consumers who actively seek healthy, convenient, high-protein meal options.

SERVICEABLE OBTAINABLE MARKET

Our realistic initial market capture within target metro cities through digital-first channels and focused go-to-market strategy.

Huge market potential with a focused entry.

We aim to become India's most trusted healthy convenience food brand.

THE D2C MODEL LETS FLASHBITES WIN ON FIVE LEVERS AT ONCE

Q

Quality

Chef designed, dietician approved recipes with clean label ingredients, frozen at peak freshness.

$

Price

No retail markups. Premium nutrition priced 20 to 30% below cafe equivalents.

P

Personalisation

Macro based plans by protein target, calories, or diet, evolving with each order.

C

Convenience

Freezer to fork in under 5 minutes, flexible subscriptions, doorstep delivery.

S

Brand Story

Between back-to-back workdays, daily cook hassles, and the effort to eat clean, food had become a source of daily overwhelm instead of fuel. We knew there had to be a better way to balance nutrition with a busy lifestyle.
Flash Bites was born to simplify your plate. By flash-freezing balanced meals right after prep, we lock in original freshness and nutrition while eliminating meal-prep chaos—so you can stay focused on what you do best.

A four phase path takes FlashBites from kitchen build to seed ready in twelve months

Phase 1

Foundation, Months 1 to 2

- Finalize recipes and secure co packer
- Brand identity, packaging, website
- Licensing and cold chain setup

Phase 2

Soft Launch, Months 3 to 4

- Launch D2C site in one city
- Campus ambassador pilot
- Founding cohort of 500 customers

Phase 3

Scale Acquisition, Months 5 to 8

- Paid social and influencer engine live
- Subscriptions and referral program
- Expand to 3 to 4 metro cities

Phase 4

Retention and Expansion, Months 9 to 12

- Loyalty program launch
- Corporate and campus partnerships
- Raise seed round on proven unit economics

One integrated funnel turns discovery into a durable, low cost growth engine

1 Acquisition	2 Conversion	3 Retention	4 Referral
• Campus ambassador program	• Frictionless checkout, trial pack	• Flexible smart subscriptions	• Give and get referral credit
• Performance social and influencers	• Personalisation quiz on signup	• Adaptive recommendations	• Ambassador commission model
• SEO and community partnerships	• Social proof and risk reversal	• Loyalty points and streaks	• Shareable, unboxing worthy packaging
Target CAC: ₹250 to ₹400	**Focus metric: landing page CVR**	**Focus metric: repeat purchase rate**	**Target: 20%+ of new customers by Month 9**

Each stage feeds the next: referred customers convert faster, and retained customers refer more, compounding growth without compounding spend.
